Telescopic Slide-Out Splice Panels

The Codecom telescopic slide-out LC/PC or LC/APC splice panels are designed for high density splicing with the front sliding telescopic rail feature, integrated cable management and rear angled cable entries. Ease of install and suitable cable management for high core count distribution of fibres was at the forefront of our design principles for this product.

Features

- ✓ 1RU, 2RU & 4RU design
- ✓ 1RU of cable management included on 2 & 3RU variants.
- ✓ 72F up to 288F in LC & LCA options
- ✓ Secure Locking Mechanism.
- ✓ Telescopic front slide out for smooth and robust installation.
- ✓ Rear angled cable entries with cable clamps & tie off points – LHS & RHS
- ✓ RoHS, REACH & SvHC compliant, Materials Conflict compliant

Application

- ✓ Telecommunication networks
- ✓ Data centres, Co-Location DC
- ✓ LAN or Campus wide Network
- ✓ Commercial Fit-Outs
- ✓ Mining Camps

Specifications

Mounting type	19" (INCH) Rack Mount
Height	1RU / 2RU / 4RU
Material	COLD ROLLED STEEL
Color	BLACK (OTHER COLOR OPTIONS AVAILABLE)
IP rating	IP 20 - Indoor
Dimension (w x d x h - mm)	1RU - 435 × 460 × 44 2RU - 435 × 460 × 88 4RU - 435 × 460 × 176
Net weight (kg)	1RU – 3.5 2RU – 4.5 4RU – 6.0
Access type	FRONT AND REAR ONLY
Capacity	72, 144 & 288F LC & LCA
Port labelling	Custom
Co-branding	Available Upon Request
